MODEL DESCRIPTION UNIT PRICE

RACK INSTRUMENTS

1450B	Disciplined Rubidium Frequency Standard, Rack Mount, 10MHz outputs	\$9,595
1450B/01	Disciplined Rubidium Frequency Standard, Rack Mount, adds Synthesized Outputs	Contact Factory
1450B/02	Disciplined Rubidium Frequency Standard, Rack Mount Custom Configurations	Contact Factory

TABLE TOP INSTRUMENTS

409B	171MHz ,4-Channel Frequency Synthesizer, External clock,RS232 Serial Control.....	\$1,595
	Add -AC Option to 409B external timing control & rear-panel SMAs	\$100
	Add /R Option to 409B to lock internal clock to an external 10.00 MHz reference	\$350
	Add /E Option to 409B/R or 409B-AC/R, SMA External Clock.....	\$100
	Add /W Option to 409B or 409B-AC, Wireless Serial Interface.....	\$299
409C	171MHz ,4-Channel Frequency Synthesizer, Expanded Table, USB Serial Control	\$1,495
	Option -AC is included with Model 409C at no additional charge	
	Add /R Option to 409C to lock internal clock to an external 10.00 MHz reference	\$350
425A	Precision 350 MHz Synthesizer with Sine, LVDS and LVCMOS outputs, Serial Control.....	\$1995
	Add /W Option to 425A, Wireless Serial Interface	\$299
440B	Table Top 400MHz Frequency Synthesizer, SMA Sine output, Serial Control	\$2,200
450A	Clock Distribution Amplifier, compatible with 425A/E	\$1,295
	Add Option /09 to 450A, makes 450A compatible with 409B Series Signal Generators. This is a no charge option.	

BOARD LEVEL SYNTHESIZER MODULES

DDS8m	100MHz DDS Signal Source, Serial or Byte Parallel Control, int. or ext. clock	Contact Factory
DDS8p	120MHz Frequency Agile Synthesizer, 48-bit Frequency, 14-bit Phase, binary parallel I/F	Contact Factory
DDS9m	171MHz 4-Channel Frequency Synthesizer Module, Sine Wave and LVCMOS Outputs.....	\$1350
