

# NOVATECH INSTRUMENTS

## Price List

(Effective June 15 , 2020)

MODEL	DESCRIPTION	UNIT PRICE
-------	-------------	------------

### BENCH and RACK INSTRUMENTS

1450B	Disciplined Rubidium Frequency Standard, Rack Mount, 10MHz outputs .....	\$8,895
1450B/01	Disciplined Rubidium Frequency Standard, Rack Mount, adds Synthesized Outputs .....	Contact Factory
1450B/02	Disciplined Rubidium Frequency Standard, Rack Mount Custom Configurations .....	Contact Factory
2918A	171MHz Dual Channel Signal Source, Bench Case, Front Panel and Serial Control. ....	\$2,695
2918A/01	171MHz Dual Channel Signal Source, Bench Case, /01 adds lock to 10MHz ext. ref. ....	\$2,995
2940A	Dual 400 MHz Sinewave Synthesizer, Bench Case, Front Panel and Serial Control.....	\$5,995
2960AR	Disciplined Rubidium Frequency Standard, Bench Case, 10MHz, 10Mhz & 5MHz .....	\$5,395
2965AR	Disciplined Rubidium Frequency Standard, Bench Case, 10MHz, 5MHz & 50MHz Synthesizer .....	\$5,895
2975AR	Disciplined Rubidium Std, Bench Case, 10MHz, 5MHz, 50MHz Synthesizer, Front Panel Control ....	\$6,395

### TABLE TOP INSTRUMENTS

408A	100MHz Quadrature Frequency Synthesizer, Sine and Clock Outputs, Serial Control.....	\$1,395
409B	171MHz ,4-Channel Frequency Synthesizer, Serial Control.....	\$1,295
409B-AC	171MHz, -AC adds external timing control rear-panel SMAs .....	\$1,395
	Add /R Option to 409B or 409B-AC, to lock to an external 10.00 MHz reference .....	\$325
	Add /E Option to 409B/R or 409B-AC/R, SMA External Clock.....	\$100
	Add /W Option to 409B or 409B-AC, Wireless Serial Interface.....	\$299
425A	Precision 350 MHz Synthesizer with Sine, LVDS and LVCMOS outputs, Serial Control.....	\$1,695
	Add /W Option to 425A, Wireless Serial Interface .....	\$299
	Add /E Option to 425A, for 450A Remote 28MHz Master Oscillator.....	\$100
440A	Table Top 400MHz Frequency Synthesizer, SMA Sine output, Serial Control.....	\$1,850
450A	Clock Distribution Amplifier, compatible with 408A and 425A/E .....	\$1,195
	Add Option /09 to 450A, makes 450A compatible with 409B Series Signal Generators. This is a no charge option.	

### BOARD LEVEL SYNTHESIZER MODULES

DDS8m	100MHz DDS Signal Source, Serial or Byte Parallel Control, int. or ext. clock .....	\$900
DDS8p	120MHz Frequency Agile Synthesizer, 48-bit Frequency, 14-bit Phase, binary parallel I/F .....	\$1,695
DDS9m	171MHz 4-Channel Frequency Synthesizer Module, Sine Wave and LVCMOS Outputs.....	\$1050
